Radio Interview with Dr. James P. Wickstrom and Jewish Rabbi Abraham Finkelstein (2006) on Turner Network radio. Highlights include the truth about the Federal Reserve, Bolshevik revolution, communism, wars, education system, religion, the Talmud and Jewish ritual murder and how the bodies of non-Jews are transferred to meat packing plants for restaurants like McDonald's and how non-Jews unknowingly eat hamburgers and sausages which contains the flesh of humans.

Rabbi Finkelstein admits everything from killing Jesus to 9/11.

[@5:49](#) "All wars are created by Jewry. They have been all set up as a monetary gain."

[@7:02](#) "Once for a while you got to thin out the herd. When you own the herd you got to thin out the herd."

[@39:54](#) "We steal between 100,000 to 300,000 children a year just here in this country, we drain their blood and we mix it with our passover bread and then we throw the bodies into the slaughter houses that we own, and we grind up all the bodies in the sausage and the hamburger, McDonalds is one of our favorite outlets. And the people, they eat it for breakfast, they eat their children for lunch, and uh, us Jews we gotta do what we do."

[@45:55](#) "We been doin' this for thousands and thousands of years, since down to Adam's time. We take the children of our enemy, which is the white race, and we bring them to the basement in the synagogue, where we drain their blood and watch them die there."

[@52:31](#) "Our book the Talmud says we are going to rule. We're going to have the world to our own. We're going to go out of space. We're going to have a war with your father. We're going to win this time."

[@53:15](#) "It's very easy to take over a government when you have a bank. The government has to borrow money from the bank. And once they borrow the money, as it says even in your book as it says in ours, he who borrows is a slave to the lender."

Introduction

I'd like to welcome you to John 8:44. I'm James Wickstrom, a teacher of Yahweh, coming to you live on the Turner radio network for the next hour, from nine to ten p.m. Eastern standard time, filling in for Pastor Bob, who covered for me last week.

We're gonna have a very, very interesting program tonight. I am sure you're gonna find it that way. I have a guest by the name of Rabbi Abe Finkelstein. He is off the East coast of the United States, who is gonna be joining me tonight, and we're gonna be talking about authenticity of things in the world. Rabbi Abe Finkelstein, as I said, a rabbi off the east coast of the United States.

Q: Are you there with me tonight ?

A: Shalom, I am here.

Q: Say listen, ah, ah, I am filling in here for Pastor Bob tonight, and I know we've never, met but I do have some very interesting questions for you tonight.

I think questions that I want to give you the opportunity to answer to, because there is a lot of rumors and conjecture that's taking place across this country, relating to Jewish population, ok ?

A: Ok !

Some say we are race, some say we are religion

Q: Now, you see, as being of the synagogue and a teacher of the Jewish race because you ARE a race, aren't you ?

A: Well, some say we are race, some say we are religion.

Q: Yeah, well what do YOU say ?

A: Well, a little of each.

Q: Ha, ha, I can imagine, yeah. Now I want to get in into some hard topic here right away here, ah, ah. You know you're a very pronounced person among your own people and, of course, you KNOW, you are very aware that I don't like you or your race, OK. I am sure you are aware of this, right ?

A: Eeeh, it's your own problem.

Holocaust of six million Jews

Q: You see, there is a big topic that's going around on this six million Holocaust that took place during World War Two of the Jews at Buchenwald, Auschwitz and different places. A lot of information has come in out here, Rabbi Finkelstein that, that it's all myth and it's all conjecture. Could I have could I have your view on this ?

A: Well, everybody knows that the Jews never told a lie in the history of the world. However, whether it is six million or six hundred thousand or sixty thousand, it's just a number,

Q: Oh, it's just a number, but, but the thing I want to get to you at is that, you know, the 1934 World Encyclopedia stated that there was only three and a half million Jews in all of Europe. How did 3.5 million Jews populate themselves to six million ? This is the question I want, I'd like answered.

A: Well, it's certainly a good question, there's no doubt about it. But the number, you know, numbers, what can I say about numbers. But the important thing is that Jews have always been persecuted all throughout the history of the world forever and still are.

Even when we lie we tell the truth !

Q: Well, the reason they are persecuted is because they are thieves, liars and murderers just like it is stated in the book of John 8:44. Yet you

A: [interrupting] All that Bible stuff...

Q: You are a lying Jew is what you are ! You're a lying Jew !

A: Eeeeh, you could say that, but even when we lie we tell the truth !

Q: Ha, ha ! You know, this is very ironic because, you know, I never thought that I would get anyone that had the nerve to join me on a broadcast like this live, and, and, you know, I just got off a program with a retired kernel, a very highly decorated kernel, on my last broadcast, my original broadcast here, Rabbi Finkelstein, and we got into the banking aspect of the money in this country. Now, everybody, a lot of people who have studied banking and economics - they know that the Federal Reserve banking corporation is a private Jewish bank. Is this true ?

A: Aaah, well yes and no.

Q: Well, what part is yes ?

A: Well, it is a banking institution, that's for sure.

Q: You see, the thing that I don't like about this is that the Jews never knew what hard work was and they never had, and, besides, you know, this is a nice part about it : you, Jews are just Christ murderers anyway.

A: Well, that's, that's true. We did murder him, but he was Jewish too !

Q: Oh, no, he was almighty Yahweh God in a flesh body. That's the problem YOU got.

A: Well, we tell all the goyim that they worship a Jew and they believe it, so what's the difference ?

Goyim ARE cattle

Q: And now that you brought up the goyim, we must talk about that. In other words, the goyim, correct me if I'm wrong, I know you will. Rabbi Finkelstein, a goyim is any person who isn't a Jew. A goyim is classified as cattle

or an animal. Is this correct ?

A: Well they ARE cattle, because we're the chosen people.

Q: Well, you are chosen for fertiliser. That's what YOU'RE chosen for. You know this is what the book of Enoch, the patriarch. Even Yahweh in a flesh body said that ALL of you, Jews, all of you Jews the descendants of Cain, are going to perish for the evil that you have done in this world. You ARE the destroyers and the incendiaries of the world, are you not ?

A: Eeeh, I'll agree with that.

Q: But you see the thing that really bothers me, not bothers me to the extent of loosing sleep over people like you, is that all wars have been created by Jewry, They've been all set up as a monetary gain. Wouldn't you agree ?

A: It's, it's the greatest game in the world - to make some shekels !

George Bush - a goyim, he is a good boy

Q: Ha, ha. Now let me ask you this : you know, there is so much things being talked about with George Bush and the White Ho[use]. Let me have your opinion first of all about George Bush and the White House.

A: He is a good goyim.

Q: You always use a good goyim. Good for [interrupted]

A: He is a good boy. He takes his orders from Ariel over there, and he tells him what to do, and he does it like a good goyim.

Slaughter in Palestine and Iraq

Q: Would you would you agree that, uh, when the Balfour Declaration was signed in England and the Jews were taken to Palestine, the land of Palestine, would you agree or disagree that there's actually more killing and there's been as much slaughter in Palestine by the Jews slaughtering and killing the Palestinians, as there are of the Iraqi people being butchered in the last twelve years ?

A: Well, who counts them, once in a while you got to thin out the herd ! When you own the herd, you got to thin out the herd.

Q: I see I see. That's the philosophy of making money and staying alive and staying ahead. Is this right ? Now I like [interrupted]

A: Sure, you take that Iraq business over there. We got, we got the white goyim fighting the Arab goyim, and they are killing each other, and we are making a lot of money, and we get the oil, and we get the interest, the most important thing is the interest on all the shekels that we loan both sides...

Q: You mean usury ?

A: That's right. You call it usury.

Q: Now, you know there's a book out that you read, Rabbi Finkelstein, called the Talmud. Now the Talmud refers to Christ as his mother was a whore and, he was a bastardized son of a roman soldier. Is this what's being taught in the synagogues ?

A: Oh well, every good Jew knows that.

Q: But you see, the reason that I wanted to ask you this, you know, you just said a little while ago that he was a Jew. And now you say every Jew knows that he was the son of a Roman soldier and that his mother was a prostitute.

A: Well, it was a long time ago. Who knows what was said back then.

Q: Ha, ha. Yeah, I guess that's right, that's absolute right.

Federal Reserve - Taking over the money machine in the USA

You know we're having a real bad problem in our country now. There is a lot of outsourcing of jobs and deindustrialization of this country. You know, the seven Jew banking families that took over control of the money in America in 1913 was the Rothschilds of London, Israel Schiff of Italy, Kuhn and Loeb of Germany, the Warburgs of Hamburg, Lehman brothers of New York, Goldman Sachs of New York and the Rockefellers of New York.

A lot of people, they don't realize and know that these seven jewish families actually control all the money and have controlled the money in this country since 1913. I know you are aware of this.

A: Of course.

Q: Now in doing so, I mean that makes a pretty big purse, doesn't it ?

The goyim are the schlappers - they do all the work

A: Listen, you know, it, it, the, the goyim are the schlappers [a clumsy or stupid person]. You know, they do all the work. That's what they want to do. They want to work, they always want jobs. So we give them jobs to work. The jews don't work.

The holocaust survivors scam

Q: Now, the Jews don't work, and you are absolutely true. I want to get back to this holocaust, and I want to get back to the holocaust survivors, you know. It's to the point here, Rabbi Finkelstein, there is more holocaust survivors getting money, getting payments than there were holocaust people who died, allegedly among the Jews. Where did all these people come from?

A: Well, again, you know, they have the evidence, they have the proof that they were there in the holocaust, so they're entitled to some money.

Q: So, in other words, you, Jews, say six million were killed in the concentration camps and yet there is almost six million that are still receiving funds from Germany and other funding, and that's twelve million. Now, how does twelve million come out of three million?

A: Listen, again, the numbers. You know, you keep arguing about the numbers.

The bottom line is that the Jews are entitled because we have been persecuted for thousands and thousands and thousands of years, and so we are entitled. Even a hundred years from now there'll be people collecting money on the holocaust. Because of those, that lousy boy, Hitler, over there. He was a bad boy.

The America has served its purpose

Q: Now, let me ask you a question about this, cause this is very important. You know, we've got in into a lot of very interesting information and we're going to get into more here in the very near future, but, Rabbi Finkelstein, this country, the United States of America, is in real deep trouble right now, financially, and, I kinda want to know what you are telling the other Jews on that, in regards to, cause I know Jews don't have any loyalty to nothing but gold and silver, especially gold.

What are the synagogues teaching the Jews in America today as to the course where this country is heading?

A: Well, its like this. You know, America has served its purpose. For a while we made these shekels here. We've made a lot of interest off the shekels.

But we can get cheaper labor in China, we can get cheaper labor in India. Why should we pay the white race goyim here in America any money when we can make a better deal over there? It's all about shekels.

Q: You know, I want to get into that about shekels and interest and everything, and this is very interesting that you bring it up because I notice that there is a lot of investment by jewish financiers into Asia, most parts of Asia. Now, I also know that Jewry is an asiatic race. Is this correct?

A: Well, we really are all over the world, but, yeah, I guess you could say that we started in Asia.

Our god is Lucifer

Q: That's right. Now, the Hebrews didn't start there, the Israelites didn't start there. You really have no bearing to being the Hebrews or the Israelites. You are not the dispersed nation, the tribes of Jacob or surnamed Israh. Actually, the con game that you have brought on to this country and the world, for many years, and it's been a good con, it's been a good con game - is that, is that you are allegedly god's chosen people.

A: Hey, we ARE god's chosen people. It's just that most Jews don't like to admit it, but our god is Lucifer.

We let the goyim do the work and we have a party

Q: Ha, ha. Your god is GOLD!

A: Yeah, well, that what we like is lots of gold, lots of shekels, some American Express cards, you know. We like to spend, we like to have a good time. We let the goyim do the work and we have a party.

Q: Oh, and there is free foreign aid, free housing, free food, and you just want the other races be your goyim cattle slaves. Is this correct?

A: That's what they want, so we let them be that.

Q: And this is what's planned and coming in this country too, isn't it, the United States.

Destroying the USA

A: Well, this country here, we're gonna brown this country up. We're bringing all the Mexicans and all the Hispanics across the border. They're interbreeding, especially with a lot of white women, the shiksas as we call them, and they are interbreeding with them. Pretty soon there won't be a white race, it'll be all brown.

Q: And talking about race, you are a race, Rabbi Finkelstein, but you are [unintelligible] hinds 57 Mongro race, of asiatic blood, is this correct?

Women like the diamonds, so we give it to them and screw them

A: Well, there's Jews everywhere in the world, we interbreed with all the good looking women in every country we go into. All the good looking women, all they care about is we buy 'em a few diamonds, not that they're worth anything. We marked up in the street up real big. If the truth be known we have so many diamonds, that if we ever turn loose the diamonds we have, you can buy them for the same price as a dozen roses.

But the women, they like the diamonds, they like to play. So we give them the diamonds and the toys, and we make an appointment with them and we have sex with them, and sometimes we marry them, it doesn't matter cause when we've got 'em and want a divorce, we just go to one of our fellow jew judges to get the divorce. We have a jew lawyer, and she's gonna hire a jew lawyer. Eh, she's not gonna make any shekels, but she can try.

About 9/11

Q: Let me ask you this. This is very interesting. This war in Iraq that took place after the alleged towers of 2001, September 2001, this alleged war, it got very interesting. There were no Jews in them towers. Can you explain that?

A: Well, spiritually there was a lot of Jews in the towers.

Q: Ha, ha, ha, ha, ha.

A: A lot of Jews died in the towers, spiritually.

Q: Oh, I see, there's 3000 Jews that were not at work that day in those towers. That just gave... a lot of people had the impression that the Jewish population out there in Jew-York, I mean New York, was aware that something was gonna happen and they didn't show up for work that day.

A: Yeah, we got a call from the Kehilla [a quasi-governmental authority in Jewish communities of the Middle Ages] that Ariel and some of the boys in the Mossad. They got together and they wired up the buildings, they, they took them down. It was going to be a hard thing to take them down anyway cause we wanted to build some new structures and the buildings were getting old and it was time to bring them down. This way, we make some shekels by destroying the building. Oh, Silverman was a good friend of mine...Larry. He got a two for, he got a two for one there, and he doubled the insurance, magically, just three months before it happened, and then he got a two for on it, so he made like four times his money.

I should have been on the deal. He asked me, but I said: oh, I don't know, I have to think about it. It took a little too long for me to think about it, and he pulled the plug, they pulled it as they say, and so the buildings come down. But, at least I've got in on the market, and I got, I shorted, I was short American Airlines, I was short United Airlines, I was short Lloyd's of London insurance company because they took a big hit, Allianz insurance company, I was short them. So, I made a few shekels.

Q: Well, let me ask you this. You know, there is a lot of speculation here. You know, I know that the Jews are thieves and liars of any moral society. Now, I want to thank you for coming on tonight and talking to me because I also know there is no conscience among Jewry, and, Rabbi Finkelstein, it does not matter what I say to you. It's gonna bounce off of you like water of a ducks back, right?

A: Well, Jews always feel guilt. We've always felt the guilt. We have a conscience.

**The only conscience you have is when you can't steal
all the money from anyone or any country**

Q: The only conscience you have is when you can't steal all the money from anyone or any country.

A: Well, you're hitting a little close to home, but you're correct.

Q: Now, a lot of food labels, there's a "U" and a "K". And this U and K on all the food labels for example, that are sold in supermarkets, etc... Is this a Jewish tax that is paid to like rabbis like you all over the United States? Is that another con job at the expense of the goyim, the masses who purchase the product?

You are entitled to make money where you can make money

A: Well, I didn't get in on that one, but yeah, it's a lot of other rabbi groups. They

tax the food and you could call it a tax. You know, you are entitled to make money where you can make money. If nobody stops you, you make the money. And a, but you know the goyim, I mean they are the cattle. The white race out there - they're the goyim, they're the cattle. And so if we want to make money off of feeding our cattle, but who's to say that that's wrong?

Q: Let me ask you what's the greatest fear of the people that you have in your synagogues, Rabbi Finkelstein, What is the greatest fear that the Jewish, that the Jews, en-mass are facing on the East Coast?

A: Well, the worst thing, is if we hang around, our old buddy up there in the Federal Reserve, Allen, Allen, he's gonna pull the plug on this U.S. dollar, and we wanna make sure that we're in the Swiss Francs, in Euros there, Japanese Yen, or something before that happens.

We'll get the call from the Kehilla. We're liquidating now, little by little. A couple of other goyim, that they're good, bought and paid for shabes goy. Ah, the Bill Gates fellow from the computer place. And the Warren Buffett. Both of them, they got out of US dollars, about eh, oh, about a year ago or so. We told them, you know, to liquidate. And, a, but we're still hanging on there. So made some extra interest since they are out of the market. They've got a lot of shekels themselves.

Q: I see where you, Jews, have finally taken over the National Rifle Association, a Jewess by the name of Sandra Froman is now president of the National Rifle Association.

A: Well, yeah, but we could go with NRA a long time ago. Ah, Charlton Heston, he's not known so much, but yeah, he is a nice Jewish boy. We let him play Moses in the movies, back in the fifties. Yeah, but we took over the NRA a long ago. All the organizations out there, the Jew controls them. Everybody knows that.

If you are to have any opposition, you will control that opposition

Q: You know, I've read in your Talmud where it says that if you're to have any opposition, you will control that opposition.

A: Well, of course. The smartest thing is to own both sides of every game. That way you know the outcome. We own the Republicans, we own the Democrats. We've a lot of good Jewish boys on both of them, and the rest of them are good, bought and paid for, shabes goy, and we throw a few shekels into their campaign contributions that we give them and, a Jewish lobby in Israel, and they, you know they take the money and they do what we want so that we could make some shekels. If nobody stops it, who is to say we should'nt be doing it. Don't you wish

you could do it? You're not doing it, we're doing it.

Q: Yeah, but you're thieves and liars, you know, you are all thieves and liars, just like it says in St. John 8:44. But you see, Rabbi Finkelstein, you don't own me and you don't control me, and you don't control the racial identity movement in this country, who really understands to a varying degree of what you people are and what you've done.

A: Well, that's true. You're one of those goyim out there we don't control, but I'll tell you a little of something else. We all respect you for what you do 'cause at least you stand up for your race. But the rest of them out there – they're all a bunch of cowards, all the white race goyim, all the men. The most of them these days, they carry purses and they wear earrings. There is no wonder the white girls come to us, all the shiksas.

Q: You know, I had a conversation here, not long ago, with an individual, and I got into the feminist homosexual agenda in the United States, and I told them that actually the sexist, homosexual agenda was actually created and funded by Jewry, by the Jews of the United States. What, you want to discuss on that?

The woman's rights movement

A: Yeah, we got that going back in the early 1900's. The woman's rights movement we started off. See, you got to think of game and you got to think of goal. You can't go in like a Sherman tank going through something. You got to start a little small. And so we said: hey, how about you get people pay for equal work. Eh, and women have the right to vote. And everybody bought into that. And we started with the women because its hard to get to men. The women is the weaker sex as we know from that old Adam and Eve story of yours. But, at any rate, we got the women going, and now look at all the women. Most all of them around the world, especially here in America, they've got short hair, they've got a schwartze (yiddish for wog, nigger) for a boyfriend, they've got a lesbian lover. They're married by the time the're forty, but then they can't have too many of little children themselves because they already ruined those years chasing the almighty gold, the dollar, the shekel, and they, so they're gonna wind up a bunch of old maids cause nobody wants them. But, the bottom line is that, the real good looking ones, we take to the Hollywood that we own, and we make them [the rest of the sentence is unrecognizable].

Q: I see. Well, Rabbi Finkelstein, you know I was talking to you about the « U »s and the « K »s, that's on the food boxes and the food sources. And the thing that I want is that, this is a private jewish tax that people unsuspectingly are paying, aren't they?

A: Well, some know, some don't, but they better pay, because if they don't pay they don't get the item, and the rabbis need to make some shekels too.

Q: You know, I was talking to a person who journeyed over to Israel. And the United States has always been known as the land of milk and honey. They say over there : ah, ah, the United States is the land of milk and money. Would you like to relate to that?

The bottom line is that the Jews formed the USA

A: Well, what's in a saying, what can I say? A lot of people here in America, they still keep screaming about these 55 guys that they say formed the company, the country a couple of hundred years ago. But the bottom line is that the Jews formed the country. We came over here. 1492 was that terrible year we got kicked out of Spain, and Columbus, who was a Jew, found [unrecognizable] that out to take us over here. We were going to set up at Rio and then we decided to go to New York, cause New York has a little bit better weather, not so many mosquitoes. It was a little bit better. So we set up in New York and we make the money.

We've made about 300 billion on Iraq

Q: I was gonna ask you, ah, this war in Iraq, there's a lot of jew money invested in this war, isn't there?

A: Well, we have all the ammunition companies, we have all the aircraft companies, all the gun manufacturers, all the supplies. Ah, we're making a lot of money, and George Bush - he's a good goyim. He borrows it right from the Federal Reserve, and, then, he has to tax the people to pay back the interest 'cause the most important part of a loan is the interest. You must pay back the interest. We're not concerned with the principal. But the interest has to keep going on. And we've done pretty well with Iraq so far. We've got about 300 billion or so.

And ah, but this war is gonna go on for another 30 years, as George said. We told him to keep it quiet, and, and, shut up and don't act like a, like a big shot. But he kept talking, and so. But this war is gonna go on for another 30 years. We're going to go into maybe 60 countries or so. We're gonna be drafting all the goyim here soon. The men, the women. The women they don't want to sit home and have families anyways. They've got to have a career. That's a nice, exciting thing for a woman - to put on a green suit to go over there and shoot people and get shot at. Must be exciting to'em. Ah, so, we're making a lot of money !

Q: You know this is very interesting. Well, Rabbi Finkelstein, it's really good talking to you and I am sure the listening audience here on the Turner radio

network is listening very intently because a lot of things have been a little exposed, some more exposed than others. But, you know, at least you're coming out and you're telling the truth. And, you know, you state we have \$300 billion tied up in Iraq with interest, and what's 1700 to 3000 dead bodies compared to how much money you make?

You have to thin out the herd once in a while

A: Well, but you have to thin out the herd once in a while. Otherwise the herd gets too big. If the herd gets too big, they eat up all the resources. So, you got to thin out the herd once in a while. We call that the theater of war, because it is amusing to us Jews to see that our two biggest enemies, the white race and the Arab race, the seed of the women, it's, it's amusing to us to see them kill each other and we make a lot of money off it. Believe me, I got a lot of laughs at the synagogue with that.

Q: Well, we've got a break here coming up in about a minute I believe, and you're listening to the John 8:44 program, Pastor Bob, entitled The Lying Jews, on the Turner radio network. I am James Wickstrom, a teacher of Yahweh, and, as a guest on Pastor Bob's program tonight is Rabbi Finkelstein on the East coast of the United States. We're gonna be coming back to you after this break, just hold your chair and hold your place, we'll be back in just one moment.

[Break]

I'd like to welcome you back to the second half of Pastor Bob's broadcast tonight on the Turner radio network on John 8:44. I am James Wickstrom, a teacher of Yahweh, sitting in for Bob tonight, and I want to thank him for covering for me last week, a broadcast The Lying Jews, very interesting that I have one on here with no conscience, he's coming up and at least telling the truth to what's going on in the country. It is Rabbi Abe Finkelstein from the East coast of the United States. Rabbi Finkelstein, are you still there?

A: I am here and remember: there's never been a Jew in the history of the world that ever told a lie. We always tell the truth.

Q: Yes, I see, I know what your truth is - your truth to you is a lie to us, but, that's fine.

Russian revolution

I'd like to get into the situation that took place years ago. I know you're well aware of it. It was called the Bolshevik's revolution over in Christian Russia. It's been

reported here on congressional documents in the United States, and it's in many places now, that, actually, it was Jews who financed the Bolsheviks' Jew communist revolution against the Tsar. Would you comment on that?

A: Well, it was really the Rothschild family that financed it 'cause they've got all the shekels. Oy, let me tell you, they've got the shekels. When the old man died in 1812, he owned half of all the known wealth in the world. Oy, Wei! The rest of us got a chop off the rest of it. But, anyway, we started the Bolshevik revolution there because you might as well start with taking over the biggest country in the world, which was Russia, and we had help to murder the Tsar from his cousins, the kaiser and the king and queen of England, and, so they helped us and they gave us all the inside information that we needed to take the country over. And...but we drained that country pretty well. There's not a lot left, and so we looked for greener pastures, and we've been doing real good here in America for a long time.

**We're gonna build up China and India, and
we'll just let America sink into the desert**

But, it's time to do something else, so we're gonna build up China and India, and we'll just let America sink into the desert, because no one really cares about America any more. It's a, you know, there's not a lot of shekels to be made any more, you know, they say you can't get blood out of a stone, we got as much blood out of this stone as we're gonna get.

Q: You know that's interesting because, I'm glad you brought that up because this country is in great despair here. I'd like to know, it was very crafty on your Kehilla and the main sources of Jewish power, financial and political power, how they totally control most of the federal agencies in the district of Columbia.

**We know how to get the word out to every
Jew in the world within 45 minutes**

A: Well, it's very simple. You know, the Kehilla is the inside for us, rabbis. We know how to get the word out to every Jew in the world, that goes to a synagogue, within 45 minutes. All the other, presses, the news media, the television, the radio, the magazines, we own all those anyway, so, that trickles down, but by the time most of the masses get it, it's too late to make any decision. We already made the decision for them.

Q: You know what's interesting, with trouble looming on the horizon in United States, you know, there is a lot of white people, white people like me of European ancestry who don't really know what's going on, and there's a large percentage

of Jews in this country, who really don't know what's going on either. They're gonna be canon fodder too, aren't they?

A: Eh, there's few at the bottom that don't go to the synagogue and they don't know, but, they, they, they know, they hear that, you know, at parties, we discuss it, you know, how we're gonna wipe out the white race and wipe out the other race. Actually, let them wipe out each other and make a lot of money – that's pretty smart. You know, us, Jews, we're pretty smart guys. I know that actually we'll get all the rest of their countries around the world. They'll wipe each other out. Because us, Jews - we are SPECIAL. We are the chosen people. And we are the smartest people in the world and we have always said, down through the ages - we want a world of our own. And we're gonna get it, and there's nothing any of the goyim cattle are gonna do to stop us. [unintelligible exclamation, sounding like "wha khayem"]

Where do the blacks fit in?

Q: So, you see, you see, it's very interesting that you should bring all of this up because, where do the blacks fit in ? I know that you use them. They've been part of the Jewish communist party in the United States, a majority, a vast majority. Oh, what's gonna be their end when this is all over?

A: Well, the schwartzes, let the truth be known, came here with our father, Lucifer, 75 thousand years ago, when he lost that battle. Only temporarily, though, in the heavens, 'cause we're on a comeback. We are the comeback kids if there ever was one.

We're making a lot of money selling the drugs

But, all the, ah, all the schwartzes - eh, what can you say? You know, they've got a good time step, they dance good, couple of them can sing. They make some nice barbecue, and they're real good for selling drugs too, cause they all love the drugs. We make a LOT of money off of selling the drugs. You do know that we control all the drug world, and have, since Rothschild got the opium wars in China going, We've been controlling the drugs of the sunset. We let a few in, here and there, to make some money, and they get arrested and they go off to jail for that. But we make the big money. We're the wholesalers. We're the wholesalers of everything in the world !

Q: You know it's very interesting you should bring that up because, you know, prior to Franklin Delano Roosevelt and his Eleanore, his first cousin, who was also a Jewess

A: [interrupted on the background with - "they were both Jews"]

Q: yes, they were both Jews, and its very interesting, until they've got in office, the Jews had control of the money, but they, but they didn't have control or a good foothold in Washington DC, did they?

**We had control since the civil war.
Rothschild, he backed both sides of the civil war**

A: No, we had control since the civil war. Rothschild, he backed both sides of the civil war, and when the smoke cleared, he was getting shekels from both of them, lots of interest, they're never going to be able to pay back the war debt. We're really controlling them. Basically, what we've been doing is consolidating. I'll tell you something about that Eleanore girl - she got a face that would stop a clock.

Q: a train!

A: a train too !

Q: Now, as we talk about conditions in this country, Rabbi Finkelstein, the people know that their standard of living is being...it's not meticulously being destroyed now. It's coming by chunks, it's coming by large gouges at this time, total industrial plants, automotive plants are being shut down, 1500 to 3000 in a plant are loosing their livelihood, it's just a matter of time, isn't there?

**All we want them do is make a sustenance living,
they could never afford to buy a house on their own**

A: Of course, but all they really ever had anyway, once you give up working for yourself and you work for somebody else, you're a slave to that person. What you're doing is actually - he is not paying YOU money, but all the labor that you're doing - you're giving him a piece of the action. And when you give him a piece of the action, you are making HIM the rich guy - not you. So, all we let them do is make a sustenance living. They could never afford to buy a house on their own. We got to give them a payment plan. Of course, we do them a favor, and so we collect a little interest for that, about three houses for every one that we sell them. But, you have to be in business for yourself. If you're not in business for yourself, then you never have a chance to make any money. You're gonna be working stiff, a slave, a serf. You are a schlapper.

Q: Rabbi Finkelstein, you're very brazen tonight, and I, I'm really surprised of how truthful that you've been in answering a lot of my point blank questions. Why is it hard for... Why do the Jews feel, or is this just a paranoid, schizophrenic feeling that everyone in this country's looking at them, want to do things to them and stuff like that?

**They better not look too hard at us and accuse us, cause
that's antisemitism and we control the court system**

A: Well, they better not look at us too hard and accuse us, cause that's antisemitism,

and if you, we catch you at antisemitism, we can throw our book at you. Remember, we control the court system, all the Jew judges, the Jew lawyers, the Jew prosecutors, and we wrote most of the law. Not us necessarily, but we pay our goyim in Washington DC, the democrats and the republicans. They sit around and we have them write up laws. We tell them what to do, they put it on the paper. We don't actually even do the work.

Q: You know as we're on the Turner radio network here this is one of the only Live Radio Networks, actually two individuals that come from two opposite parts of this planet, you, Rabbi Finkelstein, and yours truly James Wickstrom. You know, we are on two totally opposite sides of this planet, and both of us have two totally different wants and needs and desires against one another, and yet, here we are, sitting here tonight live, on the Turner radio network, discoursing about people, discoursing about things, being honest and truthful, and telling the truth to the masses. But you know, the masses have a hard time believing anything.

Jewish Passover and ritual sacrifice of children

A: Well, we've got a great brainwashing job on them over the centuries, and especially the last few hundred years. We just [unintelligible, sounding like "raid our send"] completely. They believe anything we tell them. And ah, you know, if I mean [unintelligible], we have a lot of fun around Passover when we steal their children. And ah, you know we are, I know you know, cause I've got it on your show before, I mean we steal a hundred to three hundred thousand children a year just in this country. And we drain the blood and we mix it with a Passover bread, and then we throw the bodies into the slaughter houses that we own, and we grind up all the bodies in the sausage and the hamburger. McDonald's is one of our favorite outlets, and, the people that eat out for breakfast, they [unintelligible, like "eat out their"] children for lunch, and, you know, us Jews, you know, we've got to do what we do.

The most important thing to remember between you, Pastor Wickstrom and me, Rabbi Abe Finkelstein of New York, is that we both have two fathers, and so that's why we look at the world in two different ways.

Q: And we know that there's a massive collision that's gonna take place between two forces, don't we?

A: Well, that's what your book says. Our book says that we're gonna take over the world! And we are doing a pretty good job right now.

Q: Yes, you've done a pretty good job but you know there is quite an awakening coming, and, my Father, who is not your father, my father Yahweh, who isn't your father, of course your father is talked about by my father in John 8:44, stating that your father was Satan and that you're the descendant of Cain, who was the first murderer, and you know that's true because you teach it in your synagogue.

A: Well, that's true, but it's not for you goyim to know, but right now it's too late. It's over

for your white race. So, that's why I am speaking so honestly here - to bring it out into the open so that you can see it for what it is. You've been teaching the people real good. But they don't wake up, do they? You don't get a lot of followers, do they? Because you know why? They are scared of us, Jews.

Because they don't want to be called antisemites. And they believe that we're the chosen people. And so that's why we can do whatever we want to do and we can get away with it 'cause the white men are cowards. And we go to the synagogue all the time and [next 4-5 words are unintelligible, sounding like "have some man shavit"] and dance hava nagila.

We did a pretty good job with the public school system

Q: You know that's interesting, I've told people for years and years, it's not that you, Jews, are hiding anything. You're coming right over the television and the newspapers, on the radio, and you're telling the people exactly what you're gonna do, before you do it, and they're like they're brain-dead.

A: Well, we did a pretty good job with the public school system. We've got you to put all of your children in there. You notice that the Jew does not put his children in there. They go to the Hebrew academy where we teach them the real things and then they go to the synagogue and they learn the real important things. But we send your kids to the public school. We even have you tax yourself from your property, so that you never own your property. And, so, if you don't make your property tax, we're gonna take your property, you can bet on that.

And we have you put your kids in a twelve year babysitting, is about all it does cause you don't learn anything in them, by that time, the kids, they get to be teenagers and then we give them the music. Not that we really wanna call it music, 'cause, oy, vei, that's not music. But they listen to that and then they wanna do what they wanna do, and so we sell them drugs. We make a lot of money off your children. Your children from cradle to grave - all we do is make money off of them. You are cattle. You are goyim – the human cattle, Mazel Tov !

Q: You know, it's interesting. Yes, I know what you call us, but I, but you know, you may call me goyim, but I can call you devil. But you know I am going to be calling you a good name because that's what you are.

A: Well, that's true.

Q: Now, you see, Rabbi Finkelstein, in your synagogue out there in New York, do you have a lot of in-fighting with the other Jews, the orthodox Jews and the other Jews. I mean, is there a lot of in-fighting for the money out there in New York. I've heard there's a big inner war going on now with Jewry.

A: Well, we fight a little bit and we argue a little bit. Of course, that's the two most important things we do, is complain and get the guilt, so what we do is we're not really

fighting among ourselves cause we both are gonna make a lot of money. It's just who's gonna make a little more on this deal and who's gonna make a little more on that deal.

The bottom line though is we have the goyim. The goyim does all the work, the goyim makes all the stuff. He sells it to us for pennies. We're the wholesalers, we are the middle men. We mark it way up and sell it to the other goyim on the retail side.

God made gentiles because somebody has to pay retail

There is an old saying in Yiddish that God made gentiles because somebody has to pay retail. It's not gonna be the Jew, for sure. The Jew does not pay the retail. It's the goyim that pay the retail. We buy wholesale.

You are eating your children in sausages and hamburgers

Q: Well, that's very interesting. I understand that. But I also know the bloodletting. I know that on your Passover, which isn't mine, that a lot of little children do disappear, and I do know that, and I know a lot of police, police departments and agencies have been informed. But, you're very open, you're very open tonight. I am very surprised that you're talking about the bloodletting of the little children that you put their blood in the Matza balls and that you eat it on sacrifice on Passover.

A: Well, there is a goyim that wrote a book about it back in the 30's. I forget his name at the moment. But, anyway, he wrote the book, ah, people didn't buy the book. People don't want to listen. We've been doing this for thousands and thousands of years, since down to Adam's time. We take the children of our enemy, which is the white race and we bring them to the basements in the synagogues, where we drain the blood and watch them die there. It's very similar to how we do the sacrifices that we do with a kosher butchering, and so we do that. And then we mix it with a Passover bread, and so we eat the blood of our enemies.

And, even when we say this outright and tell you, people, you don't believe it !

And the bodies, eh, we are not cannibals. So, what we do is we take those 'cause we can make some shekels, and we give them to the slaughter houses, and those are pounds and pounds and pounds of meat that we grind up in a sausage and a hamburger and that's why we make those the most popular things - sausage for breakfast and a hamburger for lunch, and so all the goyim out there are really eating their children. And, even when we say this outright and tell you, people, you don't believe it. So, that's, that's your problem.

Q: You know, I've got a question, and I, yes, it is a problem. But you see, I've always wondered, how did you, Jews, ever get control of the IE Christian churches in this country. It always baffled me to a varying degree, Rabbi Finkelstein. You know, you of your synagogue out there in New York on the east coast. But I am wondering how did

you ever totally get control of these Christian churches, who at one time told their congregations to stay away from you, Jews? How did that happen?

We infiltrate the church and we attack them first

A: Well, you know, our father, Lucifer, the number one thing, of all the organisations out there are, on the Earth, that we would want to infiltrate and take over of you, goyim, obviously, would be the churches. So we attack them first and we attack them most. And we infiltrated the Catholic church right from the very beginning. Why do you think the Popes and all the cardinals and the bishops wear yamaka [Jewish religious cover on a head]?

The white race never figures this out. And so, then we took all your books that have all the scriptures in there and we burned them, and then we wrote them in Latin, so that you couldn't understand them, but we understood Latin, cause we are Jews and we're smart and we're educated. But you, goyim out there, you never, you never teach yourself. You don't self-teach. You're always looking for somebody else to do it for you. So, you wind up being schlappers all your lives. And so, anyway, a thousand years later, when a bunch of the white race started to wake up in Europe and they started to leave the Catholic church. It was a terrible time because we were not making as many shekels as we used to. So, we had to put a stop to it. So, the kings that we had in our hip pocket, just like the politicians in Washington DC, today, we paid them off to get you declared heretics, so that they would crucify you and kill you.

Plan B - we formed the Jesuits to infiltrate all the protestant churches

But there was too many of you, and the West was opening up, when the Jews opened up New York and Rio and everybody started going West, to the Americas, and so we had to come up with the plan B, and plan B we formed the Jesuits.

He was a nice boy Loyola, he started the Jesuits, and so they decided to infiltrate all the protestant churches out there, and there is always us, Jews, work our way to the top. And then we take over the money line, the shekel line, the most important line - the life line, the gold, and so we took that over. And so, slowly but surely, we teach the teachings, change them a little bit to where it's all run by the Catholic church again, the mother church. It's your mother, but the father church is the synagogues in Israel and the synagogues in New York.

Ethiopic Jews are nothing but schwartzes

Q: You know, this is most interesting, there was a report just recently, oh, couple months ago, here, Rabbi Finkelstein, of Ethiopic Jews in Israeli land. These are black Jews. And the Jews in Israeli did not want them there, and the Ethiopian, the black Jews said: oh no, we're Jews, we belong here too. How does this all fit in, how are these black Jews and the Jews over in Israeli did not want them. Where they kind of like a disgrace or what?

A: Well, who wants a bunch of schwartzers in your land? You don't want the

schwartzers in there. There are some rabbis that went down to Ethiopia and they said: oh, we like to be Jews too. We laughed and we said: Ok, pay us a few dollars and we teach you how to be a Jew.

So, there were a few rabbis that made some money there, in Ethiopia. But every Jew knows that a schwartzer can never be a Jew. And we don't want them dirtying up the neighborhood, over in Israel. We give them the neighborhoods here in America. We give them white women to mate with to destroy both races and gazai gazel gaya what can I say?

Elizabeth Taylor - a good goyim schiksa donating a lot of money to the synagogue

Q: Well, in other words it's like Elizabeth Taylor now. She was a white woman and yet she said she took on the ways of Jewry. How does this fit in?

A: Well, she married a nice little Jewish boy named Eddie Fisher and they had daughter named Kathy Fisher, and so, she donates a lot of money to the synagogue. She is a good goyim schiksa and she thinks she is Jewish. She can think what she wants. Hopefully, that she'll give lots of money to our synagogue when she dies, which should be soon cause she doesn't look like she is in too good health.

Q: Rabbi Finkelstein, we're coming down on time here. But I wanted to get into this because you know, you and I are at war. The war actually is between the children of white race, the children of Seth, and the children of Cain, which you are, and we know that it's been written in the aramaic and in all the ancient texts, you know this as well as I, that only one race is gonna survive on the face of this Earth, and you KNOW it's the white race.

A: Well, that's what your book says. Our book, the Talmud, says we're gonna rule and we're gonna have a world of our own, and we're gonna go out into space, and we're gonna have a war with your father, and we're gonna win this time.

Who borrows is a slave to the lender

Q: Well, that's gonna be most interesting, but until then, the masses continue to awaken. In many aspects in this country and white Europe. You know, all of Rothschild's banks control the white nations and have perverted the nation, but amazes me how you penetrated into the Federal Agencies, like the FBI and the National Security Agency, and how you have all these blockers and protectors in that.

A: It's very easy to take over a government when you're a bank, because the government has to borrow money from a bank. And once they borrow money, as it says even in your books, as it says in ours, who borrows is a slave to the lender, and so this government in here, in America, is slave to the Federal Reserve system, which is Rothschild's bank. But the few of us other Jews, make a few shekels off of it. And, the

politicians that we put in charge - they all take bribes. They are all a bunch of perverts. They like to drink and they like to take the drugs and they like to do the fagala thing with the fagalos. Eh, so, that's what's they do and it is very easy to control the government.

The hardest thing was penetrating the churches, cause there used to be a few good preachers in there, but, over time, us Jews - we're so smart, we're the chosen people, we always infiltrate and take over everything, and everything that there is out there today, we own and we control.

Is communism jewish?

Q: I'd like to ask you this question before we get off the air. We've got about two minutes. A point blank question: is communism jewish?

A: Of course ! Karl Marx, Moses Mordechai Levi, who had a couple of grandfathers that were Jewish, he was the one who created it, along with Engels. He was another nice Jewish boy. And we implemented it and got that started in Russia. It was a great bill of good to sell to masses. We tell them: hey, you are here at the bottom. How would you like to be equal, everybody be equal? They thought they were gonna come up, but we

brought the rich ones down to their level and we took all the money, and we run it, and they are all a bunch of schlappers. And we make the shekels, and we are the masters of the world, and all the goyim are just human cattle.

Q: Well, Rabbi Finkelstein, I know that all of you, Jews, are gonna die. It's written by Yahweh. I'm glad you got on here and told the truth to the listening audience.

You've been listening to John 8:44 Pastor Bob's program, I am sitting in for him. I'm James Wickstrom, a teacher of Yahweh. Our program tonight The Lying Jew. Stay tuned for the Turner radio network and more truth that's coming up out. Pastor Bob will be back with you next Wednesday at 9:00 p.m. Eastern Standard Time.
